

**AGS Basic Conservation Workshop 2010  
Thursday June 24, 2010**

9:00 AM – 3:30 PM  
Liberty Church Cemetery  
3375 Dutch Lane  
Johnstown, Ohio  
Leader: Ta Mara Conde  
Staff: Brenda Reynolds, Cathi Taylor, Dan Leaders

The Basic Conservation workshop is intended for individuals who are interested in learning simple conservation procedures for gravestones and monuments, and have no or little experience. All attendees will gain knowledge and experience in the following:

- Simple assessment of gravestones and basic documentation.
- Cleaning materials and techniques.
- Resetting stones, both tabletstones and gravestones with bases.
- Mortaring into a base, either existing or a new cast base.
- Simple adhesive repair of a broken stone will be discussed, demonstrated and practiced.

There will be both detailed demonstrations and working in teams to perform conservation procedures.

Please wear clothing well suited for outdoor work like gardening, including boots or work shoes and leather work gloves. Please also remember to bring sunscreen and/or insect repellent if you desire.
